Subject: Notice to Mariners

Reference: City of Tampa- Westbank Riverwalk Build

Ladies and Gentlemen:

Orion Marine Group (Orion) is currently contracted by The Haskell Company, through the City of Tampa, to construct two new pedestrian bridges beneath the Platt Street and Brorein Street bridges, in addition to an overlook at Tony Jannus Park. Orion respectfully requests the issuance of a Notice to Mariners concerning our in-water construction activities at Tony Jannus Park, located adjacent to 200 Bayshore Boulevard, Tampa, FL 33606 (within the Hillsborough River).

The construction operations will utilize a combination of Orion floating vessels as well as rental material barges provided by McDonough Marine Services (specifically MCD 354, MCD 365, and MCD 545), in conjunction with the Orion 2508 Tug. Floating equipment will be strategically positioned within the designated Jobsite Working Limits, which are delineated in the attached drawing of the City of Tampa West Riverwalk project site.

To secure the floating equipment in place within the job site limits, Orion will deploy spud barges and a mooring pile at the construction site. All floating equipment will be equipped with illuminating lights at all times to enhance visibility during operational activities and in low-visibility conditions. Additionally, Orion will actively monitor channels 13, 16, and 74 for vessel communications.

813.839.8441

Construction is scheduled to take place from February 9, 2026, to March 31, 2027. During this period, operations will take place from 0600 to 1800 hours, six days a week (Monday through Saturday). The floating equipment will remain on-site for the duration of the project.

For direct communication regarding the Orion Marine vessel operations, please get in touch with our Port Captain, Zachary Smith, at (813) 239-7845. I can also be reached at (502) 693-2013, along with Nicholas Frankauski at (240) 506-8599. Should we be unavailable, Mr. Claudio Padilla, the Jobsite Superintendent, can be contacted at (407) 451-9629.

Orion advises all mariners to exercise heightened caution when navigating in the construction area. We kindly request that vessels reduce speed while transiting through this section of the Hillsborough River. Should you have any inquiries regarding this Notice to Mariners, please do not hesitate to utilize the provided contact numbers. We appreciate your attention to this critical matter.

Thank you for your attention.

Best regards,

Timothy Horn
Project Manager
Orion Marine Construction
