WEST RIVER BUILD PROJECT

Tampa Multimodal Network and Safety Improvements

NOVEMBER 2026

NOTICE OF CONSTRUCTION

As part of the **West River BUILD Project**, the contractor is scheduled to start on Segment 3B ***(see Project Overview below)***. A traffic shift will be implemented on the north side of West Platt Street, from South Edison Avenue to South Brevard Avenue, with the south lane closed to traffic. This work is expected to begin on **Wednesday, November 4, 2026**. Roadwork and repaving will be underway during this time; motorists should drive with caution as uneven roadway surfaces are expected. ***(See Project Area Map on back for work location.)*** Construction activities for Segment 3B will **continue through January 2027**.

WHAT TO EXPECT:

- ✓ **Hours of operation:** Monday through Friday, 7 a.m. to 5 p.m.
- ✓ Staging of construction equipment and materials in public right-of-way areas.
- ✓ Construction noise, dust, and increased presence of construction workers and equipment.
- ✓ Temporary lane closures, detours, and minor traffic delays.
- ✓ No anticipated interruptions to mail, garbage/recycling services.

PROPERTY ACCESS:

Driveway access will be maintained for most homes and businesses; however, some locations may experience **temporary driveway closures** during sidewalk and curb reconstruction. Please plan to use nearby street parking if needed. Pedestrian access will be maintained, and emergency services will always have access. Business accesses are to be maintained and coordinated with the property owner.

PROJECT OVERVIEW

Segment 3B includes Complete Street improvements designed to enhance safety, accessibility, and traffic flow in the area. Planned improvements include:

- Resurfacing of existing pavement
- Sidewalk upgrades and accessibility improvements
- Installation of a one-way eastbound protected cycle track along the south side of West Platt Street

This segment will provide a dedicated, low-stress connection from South Rome Avenue through Hyde Park to the riverfront.
